SHOCKING STORY OF UNFORTUNATE WIFE

Left Husband to Find Solace With
Male Companion.

(Special Correspondence.)
Ogden, Sept. 13.—Henry H. Brown has been charged in a complaint filed today in the municipal court with adultery, alleged to have been committed on Sept. 10 at Ogden. The woman in the case is Mrs. Bertha Howell Gray, 17, Mrs. Gray told the arresting officers a tale which is shocking in the extreme. She says she married Gray in Montana while she was but 16 years of age, and since which he has been a drunkard and a gambler. She says she has been a victim of his habits and has been driven to find solace with a male companion. The man and woman were arrested in a house on north Washington avenue on Sunday evening and are being held at the city jail pending a hearing. Gray is using every possible means to secure the release of his wife, and states that he will take her back and provide her with a home.

INFANT'S REMARKABLE ESCAPE FROM DEATH

Ogden, Sept. 13.—To fall from the second-story window of a rooming house, be caught by an awning in front of a store below, and from there fall to a friendly bed of hay and escape to the sidewalk, was the thrilling experience of the infant son of Mr. and Mrs. John Pells at the Washington rooming house yesterday afternoon. The baby, who is one year and nine months of age, was picked up a few moments later by his mother's sister, who, unharmed, except for minor scratches received in the fall, was taken to the home of his mother. The parents rushed madly down the stairs as soon as the baby fell, and expected to find the little dead body in a heap on the sidewalk. Their joy was increased when they found the baby sitting up and gave vent to its fright in lusty screams.

APPLE CROP HEAVY AND SHIPPERS BUSY

Ogden, Sept. 13.—The Pioneer Fruit company, which does an extensive fruit shipping business from all parts of Utah, via Ogden, is beginning active work on the apple campaign of the season, which promises to be the banner year in the history of apple raising in the northern part of the state at least. It is estimated that over 400 carloads of Jonathan and Winesap apples will be shipped from the Bear River valley alone, and the local outlook is very promising indeed. The fruit is bringing a high price than for many years, owing to scarcity of the fruit in many eastern districts. The Pioneer company has already received many orders in carload lots, 25 cars being ordered in one day by various exporters in Texas alone. At present apples are selling for \$1.50 per bushel, f. o. b. Ogden.
